CBC MIRROR BROADCASTS ARE SUCCESSFUL

The CBC Radio Mirror Program that featured the Crows Nest Pass towns last week received excellent support at all of their affairs.

The tea, held in the Blairmore Elks hall on Tuesday afternoon was attended by well over 80 persons, many of whom were interviewed by Jim Schrumm and Peggy McFarlane. Mayor Orlando Ungaro of Natal, B. C., was one of the guests interviewed.

On Wednesday's Farm Broadcast with announcer Dick Bocking, Harry Smyth, grain and cattle farmer of Cowley, was interviewed, and during another part of the day's broadcast, Councillor George Jenkins and Andy Dow of Coleman, were the guests of the interviews, featured on Mirror Highlights.

John Ramsey, secretary of the Coleman Local of the UMW, was interviewed and carried on for the remainder of the week to replace Rev. Deleuue of Coleman.

On the Dick Bocking farm report, Bob Burroughs, secretary of the North Fork Livestock Association, was interviewed and on Mirror Highlights Miss McFarlane interviewed Jim Morris, superintendent of the Crows Nest Pass Coal Company of Natal.

Rev. Kas Iwassa of Blairmore, was in charge of the Thursday devotion and carried on for the remainder of the week to replace Rev. Deleuue of Coleman.

On the Dick Bocking farm report, Bob Burroughs, secretary of the North Fork Livestock Association, was interviewed and on Mirror Highlights Miss McFarlane interviewed Jim Morris, superintendent of the Crows Nest Pass Coal Company of Natal.

Another highlight of this broadcast was an interview with Don Thornton of Blairmore, whose hardware store is located in the former Alberta Hotel premises—the home of the famed Picarello. To add to

this feature Angelo Orlando of Blairmore, who was an employee of the notorious "Pick", added to the highlights of the topic.

Mr. Schrumm also interviewed secretary of the Crows Nest Pass Municipal Hospital, Casey Goring. Tino Catonio, a local sports fan, was next featured speaker, and he was interviewed by Mr. Schrumm on sports in Blairmore.

The dance night sponsored by the CBC, held in the Elks hall in Coleman, on Thursday evening, was attended by some 400 persons and many in the audience were awarded spot and other dance prizes.

The dance featured a half hour producers' choice recording and Jim Ordge, well known singer, was called on five different times to sing "Over the Mountain". The ladies of the Coleman O.R.P. provided refreshments at the dance.

On Friday Miss McFarlane interviewed George Cruikshank of Hillcrest, who spoke on the Hillcrest Mine Explosion and later in the day Miss Cecelia Kovach, of the Crows Nest Pass Municipal Hospital, was interviewed.

Saturday's program featured teen topics when six local high school students, guided by Moderator Jim Schrumm, entered into a panel discussion that embraced such topics as the present election, loyalty to the Pass, coal mining, television and radio and tourism in the Pass. The debate is reported by the CBC crew as being one of the best yet held.

This program was followed by Kiddies' Topics, which featured several songs by Mrs. Audrey Bonne's class of Blairmore, and Mrs. B. Bond's class of Coleman.

Marsh Hopkins Heads A.O.T.S.

The Crows Nest Pass AOTS Club held its final meeting in the United Church club rooms in Blairmore on Monday evening when a new slate of officers for the coming year were elected to office.

To head the group this term are: President, Marsh Hopkins.

Vice-president, Fred Smith.

Both of the above are from Blairmore.

Secretary, Mel Dunford, Coleman and Treasurer, Stu Murdoch, also of Coleman.

Comprising Membership committee are A. Shigehiro of Blairmore, and Bill Marcolin of Bellevue, and the Program committee comprises Dr. R. B. Burgman and Alex McKay, both of Blairmore.

After a short business meeting supper was served to the 24 members present by the Circle of Service of the United Church.

Receives Degree

FRANCES M. SIKORA

received the degree of Bachelor of Nursing at the Spring Convocation at McGill University, Montreal, in May of this year. She attended public and high school in Coleman and completed her basic nursing education in the University of Alberta Hospital, School of Nursing.

In August she will assume the position of committee co-ordinator with the Alberta Association of Registered Nurses in Edmonton.

Dr., Mrs. Chappel Leave For Malaya

Dr. John Chappel and wife Valerie left Coleman last week, after having spent the past year in Coleman where Dr. Chappel was on the staff of the Crows Nest Pass Municipal Hospital.

Dr. and Mrs. Chappel are headed for Malaya where Dr. Chappel will work with "Medico" in the interior of Malaya, north of Singapore.

The couple expect to arrive at their destination in three weeks' time.

Prior to leaving Coleman, the couple were the guests at a number of farewell parties, including those at the home of Dr. and Mrs. E. Aiello, Mrs. W. Krish and others. At each affair the young couple were called upon and presented with well appreciated mementos of their one-year stay in the Crows Nest Pass.

Dr. Victor Martinez of Edmonton, has arrived in Coleman this week and will replace Dr. Chappel.

Pass Busy Spot These Days

Very little unemployment is being registered in the Pass this month as many local men are being absorbed in the installations of gas service in Blairmore; concrete sidewalk construction Blairmore and Coleman; road paving in various parts of the Pass and general construction jobs.

It is also reported that the lumbering industry is presently enjoying full time production as the demand for lumber has increased considerably.

Many new homes are being built in the Pass towns and business houses are remodeling and adding to their premises with the increase in business that has come to the Pass in the past year.

In Blairmore the town has launched a road graveling and oiling project which is providing some work for local men, while a good number of others have been absorbed by the Canadian Western Natural Gas Company, who are putting in service lines to homes in Blairmore.

In Coleman a good number of men have been engaged in sidewalk building.

Ratepayers Vote in Favour of Money By-Law

Coleman ratepayers turned out at polls on Wednesday and voted in favour of a By-Law to empower the Town Council to borrow a sum of \$233,000.00 for the purpose of installing a town owned and operated gas transmission and distribution system.

Result of Vote was as follows:
265 in Favour, 53 Against and 6 Spoiled Ballots.

Bowness Takes Top Honors At Hose Coupling Competitions

Eleven competent fire fighting teams from Calgary, Red Deer, Canadian Chemicals of Calgary, Bowness, Milk River, Lethbridge, Bellevue, Hillcrest, Coleman, Fernie and Kimberly took part in Coleman's annual Hose Coupling Competitions held here on Monday.

The Bowness team took top honors in the Hose Replacement Contest with a time of 23.5 seconds while Coleman and Red Deer tied for second with a time of 23.6 seconds with Coleman winning out in the runoff for second.

In the Pump evolution contest Bowness again took top honors with a time of 20.9 seconds with Red Deer chalking in at 22.8 for second.

By virtue of taking first place in the two events the Bowness team won the Coleman Volunteer Fire Brigade trophy and for the second event they were awarded the Saskatoon Fire Engine Co. Trophy. Due to a previous win in another competition in Alberta the Bowness team

could not qualify for the Murray Bedard Memorial Trophy which was awarded to the Red Deer team.

The General Bakeries Proficiency Shield was awarded to the Milk River team for having made the best average of 35.7 seconds time in four runs in two events. In the Cub contest the Coleman Cubs number one team won out over the Blairmore and Bellevue Cub teams.

The affair wound up Monday evening when the Coleman Brigade were hosts at a banquet supper for the visiting firemen and their wives. Awards and prizes were presented at the affair. An evening of dancing concluded the annual affair.

Ranchers Lose Several Cattle To Predator

Reports of several cattle being mauled and crippled in the Gap district is being investigated by local Rangers, as one cow belonging to the Big Coulee Ranch, and another cow belonging to another rancher, have been crippled, apparently by an animal.

Recently two yearling steers, one belonging to Dave Bouthillier, of Sentinel, and the other to the Big Coulee Ranch, were found dead and partially eaten.

According to Ranger Dick Girardi, the animal could be a crippled bear, the result of bear hunters probably wounding the animal last fall just before hibernation.

Evidence of the scene where the cattle were found, indicates that a strenuous struggle took place, which leads the Rangers to believe that the animal was either shot in one of the front legs or had one of its paws shot off.

The Rangers believe this because a bear killing a steer does so with very little effort.

Ranger Girardi feels that if the animal is a bear, he is of the opinion that it is the same animal in both cases and is probably the result of hunters wounding the animal last fall.

WARNING TO PARENTS

In recent weeks a considerable amount of damage has been done to the property of Coleman Collieries Limited.

It is our intention to investigate and lay charges against those who are guilty.

Girl Rider Visits Coleman

Joan McDonough, 21-year-old Vancouver girl, is nearing the end of a 900-mile horse ride from Vancouver to Calgary, where she will spend a week visiting the Calgary Stampede.

Joan is riding her six-year-old Morgan quarter cross horse "Sinder" and is accompanied by her devoted two and a half year old German Shepherd "Sheena".

Joan, in passing through Coleman, was the guest of Mr. and Mrs. Joe Trotz.

Joan spent three nights and two days in the "Pass" through the auspices of the Crows Nest Pass Riding Club, who had heard Joan was travelling through this district.

Mr. and Mrs. Trotz, who are members of the Riding Club, and who have stables of their own, acted as hosts for the Club and Joan was made very welcome by Mr. and Mrs. Trotz and their 17-year-old daughter Donna, who was a three-day companion for Joan.

The stay in the Pass refreshed the horse and dog who were beginning to show slight signs of being tired.

Joan and her pal, Edith Banister, 21, also of Vancouver, left the coast city on May 17th and travelled together until they reached Salmo, B. C., where Miss Banister had to turn back due to horse problems.

Joan stated that she has had a very exciting time on the trip which she expects to complete during the first week in July.

She claims that the only trouble she encountered on the way was with motorists, who crowded her off the highways. Some of the experiences she encountered while sleeping out include her tent being blown down by a high wind, while on another occasion she was sleeping in her sleeping bag and during the night she apparently rolled under her horse. When she awoke and looked up she thought a big bear was standing over her.

Joan reports that her little horse, who many claimed would never finish the trip, had its front shoes changed in Osoyoos, B. C., and a second pair of back shoes were put on in Cranbrook, B. C.

Regarding western hospitality—Joan could only say "wonderful".

After visiting the Calgary Stampede Joan plans on proceeding to Regina, Sask., via her horse and she will visit with relatives Mr. and Mrs. W. J. Smith in the Moose Jaw district. She plans to work there for a short time after which she will return to Vancouver.

Joan has always been a lover of animals and prior to her going to work in an insurance office as a secretary at the west coast, she worked for several seasons during the summer holidays while she was still attending school, in the Stanley Park Zoo.

Joan stated that when she decided to make the trip her parents, Mr. and Mrs. W. T. McDonough, of 454 E. 28th Ave., Vancouver 10, B. C., were rather reluctant but her father, seeing his daughter's determined look, succumbed to her wishes.

Joan states that her younger sister Gail, 16, would have given anything to be allowed to go on the cross-province trip, which took the rider over the Cascades into Alberta via number three highway.

Coleman Council Hold Meeting

Coleman town council met last week when a delegation from the School Board were present requesting that the town definitely set out the boundaries and a firm price for the land for the new school to be built in Coleman.

The council will do this immediately.

Members heard a number of requests by local residents for extension of sidewalks, improvement to drainage in various parts of the town and many other improvements in different localities in the town. Council noted all of the requests for attention.

McBean and Lambert, gas consultants for the town of Coleman, are making a survey of the town and are taking orders for gas hook-ups and while making the canvass are explaining some misunderstandings that some citizens have.

Reports indicated that three new homes have now been moved from Sentinel to Coleman's new housing development area.

A total of some ten lots have been sold in the new development area and a number of choice lots are still available.

Council approved a request by town employees for annual holidays. A considerable amount more sidewalks will be built in town as requested by the ratepayers and it is expected that the sidewalk program will continue until the end of July when most of the town will be serviced with new concrete sidewalks.

Former Colemanites Observe Fiftieth Anniversary

Mr. and Mrs. Nick Burtinik of Calgary, and formerly of Coleman, celebrated their fiftieth wedding anniversary in Calgary on June 15.

For this special occasion a reception was held in the Beacon Hotel in North-West Calgary where 22 friends and relatives gathered to celebrate the occasion.

Following the banquet supper the couple were called upon by their daughter Katie, Mrs. F. Mottle of Bellevue, who, on behalf of the family and friends, presented the couple with a purse of money and other gifts.

The couple were married in the Frank Catholic Church June 15th, 1912, and lived in Hillcrest for some years where Mr. Burtinik worked in the mines for a short time.

He later moved to Coleman, where he opened up and operated the Coleman Meat Market until he left Coleman about 15 years ago.

Mr. Burtinik, 73 years of age and Mrs. Burtinik, 66, are both enjoying excellent health.

The couple have one son George of Port Alberni, B. C.; four daughters, Mrs. F. (Katie) Mottle, of Bellevue; Mrs. Jack (Pearl) Mitchell of Port Alberni, B. C.; Mrs. Dino (Mary) Fidenato of Vancouver, B. C.; and Mrs. Harold (Ethel) Mould of Edmonton, all of whom were present at the affair; 11 grandchildren and four great grandchildren.

At various times in history counterfeiting has been punishable by death.

Children Employable Only With Written Consent

With the closing of Alberta schools for the summer, many boys and girls between the ages of 12 and 15 will be job hunting.

While these children are normally prohibited from employment "in any factory, shop or office building, or in any other employment without the written consent of his parent or guardian and the approval of the Board" there is in fact a regulation set forth by the Lieut.-Governor-in-Council which does allow for their employment.

This regulation states that "a child over the full age of 12 years may be employed as store clerk, delivery boy or girl, vendor of newspaper and small wares, clerk or messenger in an office, express messenger, shoe-shiner, water boy on a construction project, or gardener or landscaper providing that such employment is not likely to be injurious to life, limb, health, education or morals of the child".

Children are employable only with the written consent of the parent or guardian, and can be employed for two hours only on a school day, eight hours only on a day when not required to attend school. No child may be employed later than 8:00 p.m.

Regulations regarding the employment of children are carefully enforced by the Board of Industrial Relations which is the enacting body of the Department of Labor. Most employers are only too happy to comply with even the most rigid requirements of the Board and some even go so far as to extend their care of the children in their employ to providing meals and transportation.

However, the Board is constantly on the alert for conditions wherein, although children are employed exactly according to the regulations, they are in fact being exposed to the very dangers mentioned in the regulations.

For example, a boy who is employed as water-boy may be permitted to carry water to the men working with giant hoists or other heavy equipment, and his very proximity to this heavy equipment may place him in danger.

Newsboys are not subject to jurisdiction by the Department of Labor, as they are considered to be self-employed. They purchase the newspapers from the publisher, and resell them at a profit to themselves, and therefore are not classed as employees of the publisher.

Fraser - Haslam Nuptials Observed In Calgary

St. Paul's United Church, Calgary, was the scene of a pretty wedding on May 26th, when Myrna Darlene Haslam, eldest daughter of Mr. and Mrs. H. B. Haslam, became the bride of William James Fraser, only son of Mrs. Mary Fraser of this city, and the late Mr. James Fraser. The Rev. D. J. Littlejohns officiated at the double ring ceremony.

The bride, looking radiant in a gown of white bridal satin and lace and carrying a cascade of pink roses and lily of the valley, was given away by her father.

The maid of honor was Donna Elaine Haslam, sister of the bride, and bridesmaids were Lynda Joanne Haslam, the bride's other sister, and Miss Darlene Short.

Janice Atkinson, niece of the groom, was flower girl.

They all wore identical dresses of peau de soie in dusky pink.

The bridesmaids carried cascading bouquets of white 'mums while the flower girl carried a basket of white 'mums and pink sweetheart roses.

The groom was attended by Douglas Highfield and the ushers were Don Wood and Ross Haslam, brother of the bride.

The wedding music was played by Mrs. K. C. Monro with Mrs. Dorothy Girling, soloist.

The reception was held at the Highland Motor Motel. Ross Haslam acted as master of ceremonies and a cousin of the bride, Lloyd Driscoll, proposed the toast to the bride.

The happy couple left for a short honeymoon trip through British Columbia and the United States. They will reside in Calgary at the home of the groom, 4011, 16A St. Southwest.

Annual Willow Valley Shoot Real Successful Affair

The annual Willow Valley Trophy Club Shoot was held at the Frank Lynch-Staunton Ranch, 12 miles north of Lundbreck the weekend of June 26, when grand aggregate prize for the day's events was presented to Gerald Malmberg of Cardston, who chalked up a total of 71 out of a possible 96 points.

Marks were earned for this trophy in the five following events—five-man team, .22 calibre; .22 calibre at 50 yards; iron of scope sight big game event; hunters' match and the trap-shoot.

In the trapshoot event for the Hutchinson trophy where a score of 12 points was possible, winner was Andy Russell of Waterton Park with a score of 12 points; second was won by Ken Kotkas of Barons with 11 points, and third was won by Alfred Erdman of Barons with 10 points.

Winner of the Willow Valley Club trophy shooting with a large bore at a still target where a possible score of 18 plus three was possible, was won by Bernard Smith of Cowley, with a score of 17 plus two; second, Michael Dawson of Cardston, with 16 plus one and third by Don Watkins of Calgary, with 16 plus one.

In a similar event but with iron sights, the trophy was won by Merle Smith of Vulcan with 14 plus one points; second by Dan Mc-Niven of Vulcan, with 14 points and third by Ed Burton of Claresholm, with 14 points.

In the tight group event for the Harvey Davies trophy where sharp shooters could possibly group their shots in a quarter inch space, the winners were, first, Jack Reid of Cardston, who is 80 years of age, and with his keen sight placed his shots in a three-quarter inch group. Second was Gordon Russell of Waterton who also scored a three-quarter inch group and third was Dick Russell of Waterton with a 15/16 inch group.

In the moving target event for the Timberline Saddle Horse trophy where a possible 18 plus three points could be made, winners were Gerald Malmberg of Cardston with 7 points; second, G. D. Steiner of Vulcan, with 5 plus one points, and third was Merle Smith

of Vulcan with five points.

In the Hunters' match event, where a score of 18 plus three was possible, winners were Bob Malmberg of Cardston with 16 points; G. D. Steiner of Vulcan, 11 points and Gerald Malmberg of Cardston with 10 points.

In the 22 rifle event at 50 yards for the Willow Valley Trophy Club trophy, with possible score of 30 plus three winners were Max Pharis of Nobleford, score of 50 plus two; second, Bud Schmidt of Taber, score 50 plus one, and third was Steve Dixon of Brant, 48 plus three.

In the 22 rifle event for the Pete Maloff trophy, shooting at 20 yards winners were Bob Malmberg, of Cardston; second, Charlie Foote of Taber, and third, Bud Schmidt of Taber.

In the five-man team event for the Wadena trophy, where a possible 60 plus 60 points was possible, was won by the Barons team who rang up a score of 573 points plus 17; second was the Cardston team with score of 570 plus 22.

Winner of the Blackburn trophy for the man scoring the highest points in the five-man team event was Gerald Malmberg of Cardston, who registered a total of 120 plus nine points.

In the ladies five-lady event the Leithbridge team took top honors with a score of 465 plus 13, while the second prize was won by the Willow Valley ladies' team with a score of 465 plus nine points.

The highest score was made by Alta Pharis who counted 112 plus three while second high was won by Kathy Allen of Barons with a score of 109 plus three.

In the ladies' .22 calibre event

shooting at 20 yards for the Willow Valley Trophy Club award where a possible score of 50 plus five was possible, winners were:

Janet Malmberg of Cardston, 50 plus two; second, Alta Pharis, of Willow Valley, 49 plus three, and third, Grace Galmbos and Frances Ginikee who tied with 49 plus two points.

In the Jack Reid trophy event for youths 16 years and under, a score of 80 plus eight possible, the prizes were won by first, Gordon Russell of Waterton, with a score of 75 plus one; second, Richard Mc-Niven of Vulcan, score of 74 plus one, and third, Bryan Smith, of Cardston, 73 plus three.

The affair wound up in the early evening and reports indicate that the shoot was one of the best yet held with entries taking part from all over Southern Alberta.

Lunch and supper were served on the grounds by the ladies of St. Martin's Church.

What Happens After TB?

What happens to the average tuberculosis patient after he leaves hospital? How many of them are still living five years later? Are they likely to be employed?

Do those who stayed in hospital as long as the doctor thought they should have a better chance than those who left when they became impatient with sanatorium life?

Answers were given to these questions by Dr. Allen D. Temple, Medical Superintendent Pulmonary Disease Division, St. Anne's Hospital, Ste. Anne de Bellevue in a paper delivered recently at the 62nd annual meeting of the Canadian Tuberculosis Association, held at the Macdonald Hotel, in Edmonton.

The study on which Dr. Temple reported began in 1946. The undertaking was to follow 1,000 consecutive patients discharged from the hospital, which is operated by the Department of Veterans Affairs.

The period during which patients were discharged continued to June of 1956. Final reports, therefore, were not complete until June of 1961.

Being a veterans' hospital there was naturally a preponderance of male patients. Only 15 women were included in the study.

Five years after discharge 566 patients were well and working, 104 were well but unemployed; 94 were unfit for work but were at home; 88 had died but only 72 of these deaths had been caused by tuberculosis. On 43 of the patients it had not been possible to get a report.

The study was initially set up to test results of the rehabilitation courses offered patients during treatment. Because of this patients were classified as "normally discharged" or "discharged against medical advice". Among the criteria for "normal discharge" was the requirement that a minimum of 200 hours had been spent in training and that the patient was ready to work.

The study showed that patients who continued treatment until "normal discharge" had a higher percentage of survival — 75 per cent as against 52 per cent for those who left against medical advice. Their employment record was better by 24 per cent. A higher percentage of the normally discharged were earning between \$50 and \$100 a week than of those who left without permission.

Of the 15 women patients only one had left against medical advice. Twelve have married, two are employed as secretaries and one has died.

Child Safety Full Time Summer Job For Parents

With schools closed for the summer, the safety of the child becomes the full-time responsibility of the parents, warns the National Safety League of Canada.

P. G. McLaren, NSL general manager, urges supervised and controlled recreation and play during the vacation period in the interest of accident prevention.

"Boating and swimming," Mr. McLaren said, "are major accident situations. Swimming at areas neither guarded nor patrolled rank high among causes of child accidents and annually racks up a fearful death toll."

He rated water and traffic as major menaces during the summer.

IN ORDER TO PUBLISH reports of meetings of various organizations, it would help if a press correspondent was appointed by each one to send in the news. It is impossible for a reporter to attend all the meetings, therefore co-operation would be appreciated, and at the same time publicity would be assured for the meetings.
